*Navigating Excellence, Delivering Trust*

# Company Overview

Keshar Marine Ship Management & Operation L.L.C is an integrated maritime services company delivering ship management, marine logistics, procurement, and operational support solutions to global shipping stakeholders.

Headquartered in **Dubai**, one of the world's most strategic maritime hubs, the company provides operational coverage across **the Middle East, Asia, Europe, Africa, and the Americas** through a combination of direct offices, controlled procurement hubs, and an established global partner network.

Keshar Marine supports shipowners, charterers, and maritime investors by delivering cost-efficient vessel operations, reliable supply chain management, and disciplined operational oversight.

Our operating framework aligns with:

- International Maritime Organization (IMO) conventions
- International Safety Management (ISM) Code
- ISO 9001:2015 Quality Management Systems
- ISO 14001:2015 Environmental Management Systems
- Global sanctions compliance frameworks

Through structured management systems and proactive risk control, we ensure safe vessel operations, regulatory compliance, and optimized commercial performance.

To deliver safe, efficient, and commercially optimized maritime operations, enabling shipowners and charterers to operate with confidence across global shipping markets.

To become one of the region's leading maritime operational partners and recognized for technical excellence, supply chain strength, and operational integrity.

# Our Services

## SHIPPING LINES OF FREIGHT & PASSENGERS TRANSPORTATION

- Cargo & passenger transport management
- Regional & international route operations
- Safe, efficient & fully compliant voyages

# Supply Capabilities

Through our Group's centralized procurement platform, Keshar Marine delivers significant cost efficiencies by consolidating purchasing volumes across a combined fleet — achieving economies of scale and buying power that no single shipowner could independently access.

Our controlled supply operations are anchored by direct hubs in: **UAE (Dubai) · Oman · Egypt · Singapore · Hong Kong · China**

In these regions, our supply capabilities include but are not limited to:

## Ship Chandlery & Marine Supplies

- Technical & operational supplies for all vessel types
- OEM & genuine technical spare parts
- Machinery, deck, and engine spares
- Electrical and electronic components
- LSA / FFA equipment and consumables
- Marine chemicals and cleaning solutions
- Marine lubricants and lubricating oil supply
- Sea store paints and coatings
- Medical stores
- Cabin stores and galley equipment
- Provisions and bonded stores, including a full range of fresh, frozen, dry, and bonded supplies

## Bunkering & Lubrication Services

- Bunker coordination and quantity control
- Lubricating oil supply and management

## Technical, Inspection & Maintenance Services

- Vessel inspection and audits
- Maintenance and repair services
- Condition monitoring systems
- Underwater hull inspection and structural services

## Navigation, Communication & Safety Systems

- Radar systems and navigation support
- Communication systems (satellite, GMDSS, and onboard connectivity)

*All services delivered through established logistics and freight forwarding channels, in full compliance with local regulations — ensuring consistent quality, timely execution, and operational reliability worldwide.*

# ISO CERTIFICATIONS

## Awarded **ISO 9001:2015** — Quality Management

Keshar Marine holds ISO 9001:2015 certification, reflecting our commitment to structured, consistent service delivery aligned with the ISM Code — ensuring safe vessel operations, regulatory compliance, and operational integrity across all functions.

## Awarded **ISO 14001:2015** — Environmental Management

Keshar Marine is certified under ISO 14001:2015, demonstrating our commitment to responsible environmental practices across our maritime operations — minimizing ecological impact while maintaining full compliance with international environmental regulations.

## Sanctions Compliance Framework

Commitment to **compliant**,  
**transparent**, and **responsible**  
participation in global maritime trade.

## Sanctions Compliance Framework

- Keshar Marine maintains a strict Sanctions Compliance Framework aligned with international maritime regulatory standards.
- All clients, vessels, cargoes, and vendors are screened against sanctions lists issued by the UN, OFAC (USA), EU, OFSI (UK), and UAE authorities.
- The Company applies enhanced due diligence and risk assessment prior to entering any commercial transaction or operational engagement.
- Internal controls and monitoring procedures are implemented to prevent dealings with sanctioned entities, restricted jurisdictions, or high-risk counterparties.
- This framework reflects Keshar Marine's commitment to compliant, transparent, and responsible participation in global maritime trade.

# Maritime Law Services

## Insurance & Legal Services

- Meeting all insurance and legal requirements
- Prompt and professional claims handling
- Protecting ship owners' interests
- Ensuring swift settlement and reimbursement of claims
- Building strong, long-term relationships with insurers and underwriters
- Offering competitive terms with broad coverage in all aspects of marine insurance

## Shipping & Corporate Services

- Vessel registrations
- Corporate and shipping administration
- Preparation and review of all contractual documentation for shipping or corporate projects
- Advice on ship repair and newbuilding contracts
- Guidance on Maritime Law compliance
